HERITAGE OVERLAY GUIDE

VOLUME 4

Allom Lovell & Associates
Conservation Architects
35 Little Bourke Street
Melbourne 3000

January 1999

This report is Volume 4 of a set, comprising:

Volume 1	Thematic History
Volume 2 Part I	Building Citations, Datasheets A-K
Volume 2 Part II	Building Citations: Datasheets L-Z
Volume 3	Heritage Overlay Precincts
Volume 4	Heritage Overlay Guide
Volume 5	Landscape Citations

HERITAGE OVERLAY GUIDE

This volume lists the properties in the City of Moreland which are affected by Heritage Overlay Controls as recommended by this study

Properties are listed alphabetically by street. The table lists both properties with individual Heritage Overlay protection, and those which fall within Heritage Overlay Precincts.

How to use this guide

To check whether a property is affected by a Heritage Overlay, locate the suburb, street and number using the first three columns. Individually protected buildings are listed in the Individual Buildings column, and have datasheets in Volume 2, *Building Citations*.

For buildings within precincts, the precinct name appears in the final column. Citations for precincts appear in Volume 3, *Heritage Overlay Precincts*

Notes

Note that some properties within precincts are also protected individually. Also, individual datasheets have been prepared for C Grade buildings originally within the former City of Broadmeadows; these have not been recommended for individual protection and are therefore not listed in this table
