NOTE TO THE READER

This report was prepared by Ms Chris Johnston - a consultant specialising in the conservation of historic places - to provide the City of Brunswick and the local community with an update of the 1982 **Brunswick Conservation Study**.

This report does not repeat many aspects of the 1982 study and the interested reader may wish to borrow a copy of the 1982 study from the Brunswick Public Library.

This report explains the review process and the results. It is supported by Volume 2 which details each of the individual places and Volume 3 the Heritage Areas and other features recognised as significant in this review, and Volume 4 which provides a Schedule of significant places in each street. Other data, such as the consultant's field survey materials, have been lodged with the Planning Department of Council.

ACKNOWLEDGEMENTS

The assistance of the members of the Brunswick City Council Heritage Advisory Committee, Trevor Westmore (Heritage Adviser) and Council staff (including Ann Rohan, Gillian Sansom, Susie Bunn, Frank Smith, Peter Mollison, Chris Braddock) is gratefully acknowledged.
